

BS EN 16774:2016

BSI Standards Publication

Safety of machinery — Safety requirements for steel converter and associated equipment

National foreword

This British Standard is the UK implementation of EN 16774:2016.

The UK participation in its preparation was entrusted to Technical Committee MCE/23, Safety of metal producing mills.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
