

BSI Standards Publication

Winter service equipment and products — De-icing agents -

Part 1: Sodium chloride — Requirements and test methods

National foreword

This British Standard is the UK implementation of EN 16811-1:2016.

The UK participation in its preparation was entrusted to Technical Committee B/513, Construction equipment and plant and site safety.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
