

BSI Standards Publication

Communication systems for meters — Wireless mesh networking for meter data exchange

Part 3: Energy profile specification
dedicated application layer

National foreword

This British Standard is the UK implementation of EN 16836-3:2016.

The UK participation in its preparation was entrusted to Technical Committee PEL/894, Remote Meter Reading.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
