

BSI Standards Publication

Conveyor belts — Indentation rolling resistance related to belt width — Requirements, testing

National foreword

This British Standard is the UK implementation of EN 16974:2016.

The UK participation in its preparation was entrusted to Technical Committee PRI/67, Conveyor belts.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
