

BSI Standards Publication

Insulated means of transport for temperature sensitive goods - Requirements and testing

Part 1: Container

National foreword

This British Standard is the UK implementation of EN 17066-1:2019.

The UK participation in its preparation was entrusted to Technical Committee TW/1, Freight containers and swap bodies.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
