

BSI Standards Publication

**Construction products: Assessment of release
of dangerous substances - Preparation of
test portions from the laboratory sample for
testing of release and analysis of content**

National foreword

This British Standard is the UK implementation of EN 17087:2019.

The UK participation in its preparation was entrusted to Technical Committee B/557, Construction products - Assessment of dangerous substances.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
