

BSI Standards Publication

Domestic appliances used for drinking water treatment not connected to water supply - Jug water filter systems - Safety and performance requirements, labeling and information to be supplied

National foreword

This British Standard is the UK implementation of EN 17093:2018.

The UK participation in its preparation was entrusted to Technical Committee B/504/-/13, Water treatment equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
