**Plastics piping systems for non-pressure
underground conveyance and storage of non-
potable water — Test method for determination
of short-term compression strength of boxes**

National foreword

This British Standard is the UK implementation of EN 17150:2019, incorporating corrigendum January 2020.

The UK participation in its preparation was entrusted to Technical Committee PRI/88/5, Underground infiltration, attenuation and storage systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
