

BSI Standards Publication

Liquid petroleum products – Determination of indicated cetane number (ICN) of middle distillate fuels – Primary reference fuels calibration method using a constant volume combustion chamber

National foreword

This British Standard is the UK implementation of EN 17155:2018.

The UK participation in its preparation was entrusted to Technical Committee PTI/2, Liquid Fuels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
