

BSI Standards Publication

Characterization of sludge - Evaluation of sludge density

National foreword

This British Standard is the UK implementation of EN 17183:2018.

The UK participation in its preparation was entrusted to Technical Committee EH/5, Sludge characterization.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
