

BSI Standards Publication

**Chemicals used for treatment of water
intended for human consumption - Iron-
based coagulants - Analytical methods**

National foreword

This British Standard is the UK implementation of [EN 17215:2019](#).

The UK participation in its preparation was entrusted to Technical Committee CII/59, Chemicals for drinking water treatment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
