

**Cathodic protection of internal surfaces
of metallic tanks, structures, equipment,
and piping containing seawater**

National foreword

This British Standard is the UK implementation of EN 17243:2020.

The UK participation in its preparation was entrusted to Technical Committee GEL/603, Cathodic protection.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
