

BSI Standards Publication

Liquid petroleum products - Determination of distillation characteristics at atmospheric pressure - Micro-distillation

National foreword

This British Standard is the UK implementation of EN 17306:2019. It is dual numbered as BS 2000-631:2019 in the UK.

The UK participation in its preparation was entrusted to Technical Committee PTI/13, Petroleum Testing and Terminology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
