

BSI Standards Publication

Waste management – Access control to collection containers – Identification and authorization

National foreword

This British Standard is the UK implementation of EN 17366:2020.

The UK participation in its preparation was entrusted to Technical Committee B/508/1, Waste containers and associated lifting devices on refuse collection vehicles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
