

BSI Standards Publication

District cooling pipes — Factory made flexible pipe systems

Part 2: Bonded system with plastic service pipes; requirements and test methods

National foreword

This British Standard is the UK implementation of EN 17414-2:2020.

The UK participation in its preparation was entrusted to Technical Committee RHE/9, Insulated underground pipelines.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
