

BSI Standards Publication

**Determination of the ultimate biodegradation of
plastics materials in an aqueous system under
anoxic (denitrifying) conditions — Method
by measurement of pressure increase**

National foreword

This British Standard is the UK implementation of EN 17417:2020.

The UK participation in its preparation was entrusted to Technical Committee PRI/82, Thermoplastic materials.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
