

BSI Standards Publication

**Energy performance of buildings —
Determination and reporting of Primary
Energy Factors (PEF) and CO₂ emission
coefficient — General Principles, Module M1-7**

National foreword

This British Standard is the UK implementation of EN 17423:2020.

The UK participation in its preparation was entrusted to Technical Committee B/540, Energy performance of materials components and buildings.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
