

Building hardware — Emergency exit devices operated by a lever handle or push pad, for use on escape routes — Requirements and test methods

ICS 91.190

National foreword

This British Standard is the UK implementation of EN 179:2008. It supersedes BS EN 179:1998 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee B/538, Doors, windows, shutters, hardware and curtain walling, to Subcommittee B/538/4, Building hardware.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2008
