

BSI Standards Publication

**Thermal insulation and energy economy in
buildings — Method to determine the durability of
bondings with adhesive tapes and adhesive masses
for the establishment of airtight layers under climatic
conditions representative for indoor environments**

National foreword

This British Standard is the UK implementation of EN 17990:2025.

The UK participation in its preparation was entrusted to Technical Committee B/540, Energy performance of materials components and buildings.

A list of organizations represented on this committee can be obtained on request to its committee manager.
