Determination of the explosion limits and the limiting oxygen concentration(LOC) for flammable gases and vapours

National foreword

This British Standard is the UK implementation of EN 1839:2017. It supersedes BS EN 14756:2006 and BS EN 1839:2012 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EXL/23, Explosion and fire precautions in industrial and chemical plant.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
