

Electrically propelled road vehicles — Specific requirements for safety —

**Protection of users against electrical
hazards**

ICS 13.260; 43.120

National foreword

This British Standard is the UK implementation of EN 1987-3:1998.

The UK participation in its preparation was entrusted to Technical Committee PEL/69, Electric vehicles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 1998.
