

Aerospace series — Test methods for metallic materials

Part 005: Uninterrupted creep and stress-rupture testing

ICS 49.025.10

National foreword

This British Standard is the UK implementation of EN 2002-005:2007. It supersedes BS 4A 4-1.3:1967 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ACE/61/-/6, Mechanical testing of metallic materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2009
