

BSI Standards Publication

**Aerospace series – Aluminium alloy 2024-
– T3510 – Drawn bar – $a \leq 75$ mm**

National foreword

This British Standard is the UK implementation of EN 2319:2018.

The UK participation in its preparation was entrusted to Technical Committee ACE/61/-/24, Light Alloys for Aerospace Purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
