

BSI Standards Publication

Respiratory equipment — Open-circuit self-contained compressed air diving apparatus — Requirements, testing and marking

National foreword

This British Standard is the UK implementation of EN 250:2014. It supersedes BS EN 250:2000 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PH/4/7, Underwater breathing apparatus.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
