

BSI Standards Publication

Aerospace series - Non-metallic materials - Foaming structural adhesive films - Test methods

Part 3: Expansion ratio and volatile content

National foreword

This British Standard is the UK implementation of EN 2667-3:2019.

The UK participation in its preparation was entrusted to Technical Committee ACE/65, Non-metallic materials for aerospace purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
