

BSI Standards Publication

Heat exchangers — Forced convection air cooled refrigerant condensers — Test procedures for establishing performance

National foreword

This British Standard is the UK implementation of EN 327:2014. It supersedes BS EN 327:2000 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RHE/30, Heat exchangers.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
