

Aerospace series — Cables, electrical, aircraft use — Test methods

Part 811: Unbalance attenuation

ICS 49.060

National foreword

This British Standard is the UK implementation of EN 3475-811:2009.

The UK participation in its preparation was entrusted to Technical Committee ACE/6, Aerospace avionic electrical and fibre optic technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 April 2009
