

BSI Standards Publication

**Aerospace series — Test
methods for metallic materials
— Determination of fatigue
crack growth rates using
Corner-Cracked (CC) test pieces**

National foreword

This British Standard is the UK implementation of EN 3873:2010.

The UK participation in its preparation was entrusted to Technical Committee ACE/61/-/6, Mechanical Testing of Metallic Materials for Aerospace Purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
