

BSI Standards Publication

**Aerospace series — Nipples,
lubricating, axial type, in
corrosion resisting steel,
passivated**

National foreword

This British Standard is the UK implementation of EN 3908:2017.

The UK participation in its preparation was entrusted to Technical Committee ACE/12, Aerospace fasteners and fastening systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
