

BSI Standards Publication

**Aerospace series —
Test method for metallic
materials — Ultrasonic
inspection of bars, plates,
forging stock and forgings**
Part 4: Acceptance criteria

National foreword

This British Standard is the UK implementation of EN 4050-4:2012.

The UK participation in its preparation was entrusted to Technical Committee ACE/61, Metallic materials for aerospace purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
