

BSI British Standards

Particular safety requirements for equipment to be connected to telecommunication networks and/or a cable distribution system

NO COPYING WITHOUT BSI PERMISSION EXCEPT AS PERMITTED BY COPYRIGHT LAW

National foreword

This British Standard is the UK implementation of EN 41003:2008. It supersedes BS EN 41003:1999, which will be withdrawn on 1 July 2011.

The UK participation in its preparation was entrusted to Technical Committee EPL/108, Safety of electronic equipment within the field of audio/video, information technology and communication technology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
