

**Aerospace series
— Nuts, anchor, self-
locking, floating, two
lug, reduced series,
with incremental
counterbore, in
heat resisting steel,
MoS₂ lubricated —
Classification: 900
MPa (at ambient
temperature) / 315 °C**

ICS 49.030.30

National foreword

This British Standard is the UK implementation of EN 4126:2010.

The UK participation in its preparation was entrusted to Technical Committee ACE/12, Aerospace fasteners and fastening systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 February 2010
