

Aerospace series — Paints and varnishes — Test method for measurement of electrical surface resistance of conductive layers

The European Standard EN 4158:2006 has the status of a
British Standard

ICS 49.040

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 4158:2006.

The UK participation in its preparation was entrusted by Technical Committee ACE/65, Non-metallic materials for aerospace purposes (excluding textiles), to Panel ACE/65/-/4, Surface finish and protective treatments.

A list of organizations represented on ACE/65/-/4 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.
