

BSI Standards Publication

**Aerospace series — Bearings,
spherical plain, in corrosion
resisting steel with self-
lubricating liner elevated
load under low oscillations —
Technical specification**

National foreword

This British Standard is the UK implementation of EN 4540:2011.

The UK participation in its preparation was entrusted to Technical Committee ACE/12, Aerospace fasteners and fastening systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
