

BSI Standards Publication

**Aerospace series – Pipe coupling 24° Cone up to
35 000 kPa (5 080 psi) Ring-locked fitting – Flareless
End – Inch Series – Extra Fine Thread Pitch**

National foreword

This British Standard is the UK implementation of EN 4833:2018.

BSI, as a member of CEN, is obliged to publish EN 4833:2018 as a British Standard. However, attention is drawn to the fact that during the development of this European Standard, the UK committee voted against its approval.

The UK participation in its preparation was entrusted to Technical Committee ACE/69, Aerospace hydraulic systems, fluids and components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
