

BSI Standards Publication

Aerospace series — Anodic electrodeposition of hexavalent chromium free primer

National foreword

This British Standard is the UK implementation of EN 4868:2019.

The UK participation in its preparation was entrusted to Technical Committee ACE/65, Non-metallic materials for aerospace purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
