

Uninterruptible power systems (UPS) —

Part 1-1: General and safety requirements for UPS used in operator access areas

The European Standard EN 50091-1-1:1996 has the status of a
British Standard

ICS 29.200

National foreword

This British Standard is the English language version of EN 50091-1-1:1996, including Corrigendum August 2004. It replaces BS EN 50091-1:1993.

For products conforming to BS EN 50091-1:1993 before 1997-06-01, as demonstrated by the manufacturer or certification body, this standard may continue to apply for production until 2002/06/01.

The UK participation in its preparation was entrusted to Technical Committee PEL/22, Static power converter equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
