

Hand crimping tools — Tools for the crimp termination of electric cables and wires for low frequency and radio frequency applications —

Part 1: General requirements and tests

The European Standard EN 50109-1:1995 has the status of a
British Standard

ICS 25.140.30

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee EPL/46, Cables, wires and waveguides, RF connectors and accessories for communication and signalling, to Subcommittee EPL/46/4, RF connectors, on which the following bodies were represented:

- AEA Technology
- BEAMA Electrical Cable & Conductor Accessory Manufacturers
- British Telecommunications plc
- Federation of the Electronics Industry
- Ministry of Defence
- National Supervisory Inspectorate
- Society of Cable Television Engineers

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 February 1996
