

Information technology equipment

Routine electrical safety testing in production

The European Standard EN 50116 : 1996 has the status of a
British Standard

ICS 35.020; 35.260.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/74, Safety and energy efficiency of information technology equipment, on which the following bodies were represented:

- BSI Testing Services
- British Approvals Board for Telecommunications
- British Computer Society
- British Electrotechnical Approvals Board
- British Telecommunications plc
- Department of Trade and Industry (Consumer Safety Unit)
- Federation of the Electronics Industries
- Health and Safety Executive
- Power Supply Manufacturers Association

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 December 1996
