

BSI Standards Publication

Railway applications — Fixed installations — Electric traction overhead contact lines

National foreword

This British Standard is the UK implementation of EN 50119:2020. It supersedes BS EN 50119:2009+A1:2013, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/9/3, Railway Electrotechnical Applications - Fixed Equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
