

Railway applications — Environmental conditions for equipment —

Part 2: Fixed electrical installations

ICS 29.280

National foreword

This British Standard is the UK implementation of EN 50125-2:2002, incorporating corrigendum June 2010.

The UK participation in its preparation was entrusted to Technical Committee GEL/9, Railway electrotechnical applications, to Subcommittee GEL/9/3, Fixed equipment.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 19 March 2003
