

Conductors for overhead lines — Round wire concentric lay stranded conductors

The European Standard EN 50182:2001 has the status of a
British Standard

ICS 29.060.10

National foreword

This British Standard is the official English language version of EN 50182:2001, including Corrigenda April 2004 and June 2005.

NOTE Corrigendum June 2005 includes and replaces Corrigendum April 2004.

The UK participation in its preparation was entrusted to Technical Committee GEL/7, Overhead electrical conductors, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 74, an inside back cover and a back cover.
