

Gas-filled compartments for a.c. switchgear and controlgear for rated voltages above 1 kV and up to and including 52 kV

The European Standard EN 50187:1996 has the status of a
British Standard

ICS 29.120.60; 29.260

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee PEL/17, High-voltage switchgear, controlgear and co-ordination committee, to Subcommittee PEL/17/1, High-voltage switchgear and controlgear, upon which the following bodies were represented:

- ASTA Certification Services
- Association of Manufacturers Allied to the Electrical and Electronic Industry (BEAMA Ltd.)
- British Railways Board
- Copper Development Association
- ERA Technology Ltd.
- Electricity Association
- GAMBICA (BEAMA Ltd.)
- Ministry of Defence
- Safety Assessment Federation Ltd.
- Transmission and Distribution Association (BEAMA Limited)

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of Consulting Engineers
- British Cable Makers' Confederation
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- Engineering Equipment and Materials Users Association
- Institution of Incorporated Executive Engineers

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 March 1997
