

BSI Standards Publication

Connectors for thermoelectric sensors

National foreword

This British Standard is the UK implementation of EN 50212:2020. It supersedes BS EN 50212:1997, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/65/3, Industrial communications: process measurement and control, including fieldbus.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
