Communication cables

Part 2-35: Common design rules
and construction — Polyamide
sheathing compound

National foreword

This British Standard is the UK implementation of EN 50290-2-35:2016.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
