

Railway applications — Fixed installations — Electronic power convertors for substations

The European Standard EN 50328:2003 has the status of a
British Standard

ICS 29.200; 29.280

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 50328:2003, incorporating corrigendum December 2006. It partially supersedes BS EN 60146-1-1:1993 in respect of those aspects that were concerned with railway applications.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags AC AC. Text altered by CENELEC corrigendum December 2006 is indicated in the text by AC₁ AC₁.

The UK participation in its preparation was entrusted by Technical Committee GEL/9, Railway applications, to Subcommittee GEL/9/3, Fixed equipment.

A list of organizations represented on GEL/9/3 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard, was published under the authority of the Standards Policy and Strategy Committee on 28 July 2003
