

BS EN 50342-3:2008

BSI Standards Publication

Lead-acid starter batteries —

Part 3: Terminal system for batteries with 36 V
nominal voltage

National foreword

This British Standard is the UK implementation of EN 50342-3:2008.

The UK participation in its preparation was entrusted to Technical Committee PEL/21, Secondary cells and batteries.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
