

Electromagnetic compatibility (EMC) — Product family standard for machine tools —

Part 2: Immunity

The European Standard EN 50370-2:2003 has the status of a
British Standard

ICS 25.080.01; 33.100.20

National foreword

This British Standard is the official English language version of EN 50370-2:2003.

The UK participation in its preparation was entrusted by Technical Committee GEL/210, EMC policy committee, to Subcommittee GEL/210/12, Basic and generic standards, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Electrotechnical Sector Committee, was published under the authority of the Standards Committee on 24 January 2003
