up to 100 MHz for maximum length of
connection 100 m supporting universal
services, xDSL and applications up to 100
Mbit/s over IP

National foreword

This British Standard is the UK implementation of EN 50407-3:2014.

The UK participation in its preparation was entrusted to Technical Committee EPL/46, Cables, wires and waveguides, radio frequency connectors and accessories for communication and signalling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
