

# Basic standard for the evaluation of human exposure to electromagnetic fields from equipment for arc welding and allied processes

ICS 13.280; 25.160.10

## National foreword

This British Standard is the UK implementation of EN 50444:2008.

The UK participation in its preparation was entrusted to Technical Committee WEE/6, Electric arc welding equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2008
